MEMBERSHIP GRADES

Member

A member of the CSCE normally holds a recognized educational qualification in Civil Engineering at the level recognized by a provincial Association of Professional Engineers and whose competence has been established by at least four years of professional experience.

Associate Member

An Associate Member normally holds an engineering degree from a recognized university but has not yet acquired the qualifications for full membership related to the extent of professional practice. It includes 1st, 2nd, 3rd and 4th year grades.

Technologist Member

A Technologist Member is a graduate of an approved Canadian Civil Engineering Technologist Program or its equivalent and is certified by a CSCE approved association. It includes 1st, 2nd, 3rd and 4th year graduate grades. After the 4th year, a TMCSCE with the required years of professional practice obtains full membership.

Affiliate Member

An Affiliate Membership may be awarded to a graduate of a university or other CSCE approved institution working in the field of civil engineering. It includes 1st, 2nd, 3rd and 4th year grades.

MEMBERSHIP FEES

Please see the fees listed at www.csce.ca for all membership grades. The fee is also stipulated in correspondence to all applicants.
