

# National Asset Management Working Group

## Survey

### Asset Management and Financial Tangible Capital Assets Reporting (PSAB 3150) Linkages

The **National Asset Management Working Group** (NAMWG), a Committee of the **National Round table for Sustainable Infrastructure** (NRTSI) is conducting a survey as part of a project to establish the linkages made by local governments between financial reporting on tangible assets – i.e., infrastructure, as required by the PSAB 3150 accounting standards and asset management practices.

The project is funded by **Infrastructure Canada** and is managed by the **Canadian Society for Civil Engineering** (CSCE).

**To access the survey, please go to [www.NAMWG-GTNGA.ca](http://www.NAMWG-GTNGA.ca)**

The data is collected on a Canadian server and will remain confidential. The results will be reported in a way that no individual response can be identified.

For more information on the survey, to request a copy of the questionnaire, or for technical difficulties accessing the questionnaire, please contact Dr. Guy Félio at [Survey@NAMWG-GTNGA.ca](mailto:Survey@NAMWG-GTNGA.ca)
